

ShopAssist™ by RadiusAI

Lightning-Fast Checkout Built for Game Day

Your fans didn't come to the game to wait in line. Get them back in their seats with our lightning-fast checkout system.

Customers toss their items on the deck, our 4 cameras scan them, and they're on their way.

Home Run Results

**45–60
seconds**

saved per transaction

**30 min/
2–4 hours**

30 min training for cashiers, 2–4 hours
for managers

30–40%

revenue lift with fewer staff

3–4 days

time to install 8 units

99.99% Accuracy

4-camera system scans stacked items instantly—even in sunlight or low light.

0 Learning Curve

No fan education required. Low employee training.

Modular Design

Choose from 19" or 24" decks to fit any footprint.

Flexible Integration

Works with POS systems like Square, FreedomPay, MyVenue, TapIn2, and more.

Smart Tech. Smarter Plays.

TOUCHDOWN

Instant Accuracy

ShopAssist™ adapts to how people really behave—whether stacking, tossing, or rearranging items.

Age Verification Prompt

If an age-restricted item (e.g., alcohol) is detected, ShopAssist™ immediately prompts the cashier to verify ID.

Built for Stadium Lighting

Scans in sunlight, shadow, or mixed lighting—where competitors often fail.

Barcode Prompt for Seasonal Packaging

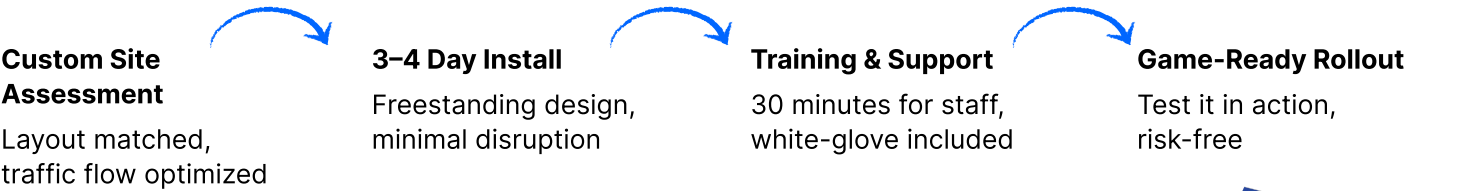

New promotional or seasonal designs? ShopAssist™ flags unfamiliar packages and prompts the cashier to show the barcode—which it can scan and log instantly.

TOUCHDOWN

Why ShopAssist™?

	POS	Competition	ShopAssist™
Accuracy	Human error	Low, requires separation	99.9% with stacked items
Training	1 hour: cashier 6-8 hours: manager	Quick	30 minutes: cashier 2-4 hours: manager
Design	Small, hard to read, one-size	Fixed against wall, uni-directional, one-size	Freestanding, flexible, multi-size
Lighting	N/A	Cannot scan in sun	Scans in shade and heavy sun
Integration	Full ecosystem	Checkout only	Full ecosystem (POS, analytics)
ROI	High, inefficient operational costs	Limited impact	Efficient, lower staff, lower abandonment rate
Total cost of ownership	Low initial cost, high long-term cost	Expensive	Reasonable, value driven

Deployment Made Easy

The Price is Right
